

Islip, NY – Islip Town Councilman John Edwards recently recognized the community service work of Fred Billings, a member of Rotary International whose work in various charitable causes has been a tremendous boon to the Town of Islip over the years.

Fred, who owns the Irish Coffee Pub and the Bellport Country Club, has generously donated food baskets to needy families, provides weekly donations to local soup kitchens, and has donated refreshments to East Islip's Kindergarten Field Day. He also continues to support numerous charities, including Project Children, Hope House, and the East Islip Fire Department.
